dëna[®]

is possible

dëna contributes to the physical emotional development of boys and girls from 0 to 6 years, using fun and 100% safe toys that encourage freedom, creativity and imagination. dëna products help children to grow and develop in a free world with infinite possibilities for having fun. With dëna toys everything is possible.

The ideal toy in every stage of development

1 YEAR OLD

Made from platinum-based silicone, a material of the highest quality, soft, resistant and 100% safe.

2 YEAR OLD

Thanks to their soft material, dēna toys can safely be kicked, thrown and chewed on during these active play years.

3 YEAR OLD

Children learn to classify by shape and color, name the figures and make their first constructions.

4 YEAR OLD

The combination of figures encourages the child's dexterity and concentration by constructing increasingly more complex structures.

5 YEAR OLD

The toys multiple combination possibilities stimulate creativity and imagination.

6 YEAR OLD

With dēna toys you can cook as a family. They are fantastic molds for baking cakes and biscuits. And they can be washed in the dishwasher!
